

Dear Sir,

Namaskaram!

NTPC Limited is India's largest power generating company with cumulative installed capacity of 70+GW.

It is to inform that, as a part of the green initiative, NTPC invites Expression of Interest (EOI) for setting up pilot project for Thermal Energy Storage System (TESS) coupled with one of our existing coal power plants to augment its flexible operation while balancing intermittency of renewable energy resources.

We would be grateful to you if your kind support could be provided for its wide scale circulation among relevant stakeholders.

Looking forward for your kind support.

EOI Document may be downloaded free of cost from below mentioned link :-
